Commissioner of Patents and Trademarks
Alexandria, VA 22313-1450

Dear Sir:

Applicants respectfully request that the references listed in reverse chronological order in the attached PTO-Form 1449 be made of record in the United States Patent and Trademark Office relating to the above referenced application.

In accordance with 37 C.F.R. §1.98(d) copies of the identified references are not required to be provided because they were previously cited by or submitted to the Patent Office in the prior

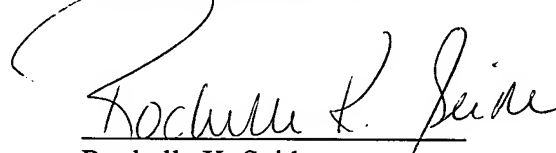

applications. Applicants have identified the prior applications and rely upon such prior applications for an earlier filing date under 35 U.S.C. §§ 119 and 120. The present application is a divisional application of U.S. Patent Application Serial No. 09/937,236, filed December 26, 2001, which is a U.S. national stage filing of International PCT Application Serial No. PCT/FR00/00713, filed March 22, 1999.

Identification of any of the references listed in the attached PTO Form 1449 is not to be construed as an admission of Applicants or Attorneys for Applicants that such references are available as "prior art" against the accompanying application.

Applicants do not believe any fee is required herewith. If any fee is required in connection with this communication, the Commissioner is authorized to deduct the requisite fee from deposit account number 02-4377. Duplicate copies of this communication are enclosed.

Respectfully submitted,

BAKER BOTTS L.L.P.

A handwritten signature in black ink, appearing to read "Rochelle K. Seide", is written over a horizontal line.
